Summary

Hello! My name is Rizdky Oktaviari Pratama Putra, and I am currently pursuing a double degree in S.tr.Kom at State Polytechnic of Jember and BCS at Management & Science University. I have a diverse skill set that includes experience in building Machine Learning and Deep Learning models using Python. Additionally, I have expertise in developing mobile applications using Flutter and Kotlin, as well as building websites using PHP, Laravel, and .Net Core Framework.

Furthermore, I have gained valuable practical experience during my internship as a Software Engineering intern at PT Arranet Indonesia Sejahtera, where I worked for a duration of 4 months. This opportunity allowed me to further enhance my skills and gain hands-on experience in the software development industry.

I am passionate about leveraging technology to solve real-world problems and continuously strive to expand my knowledge and expertise in the field. I am eager to contribute my skills and learn from new challenges and experiences.
